

Balnea Gazebo

Description

Living outdoors without the unpleasant sight of insects, rain and wind is finally possible thanks to the Balnea.

Rugged and durable, this concept of permanent shelter offers a multitude of possibilities. Ideal for covering your spa or to accommodate a relaxation area, the Balnea remains well ventilated at all times thanks to its large sliding windows.

Characteristic

It is made of extruded aluminum with coated in white or beige paint and a permanent four seasons vinyl canvas of 22 ounces, with a durability of 12 to 15 years. Attachment system is a patented canvas, simple and fast (without laces). is fitted with sliding polymer windows, fiberglass screen and a hinge door.

- Glass windows available.
- Available in standard 10 'x 10' and 14 ½' x 10 '.

Advantages

The Balnea protects against sunlight, rain, wind and even against insects. It allows you to enjoy the outdoors more often and longer. Allows the use of spas throughout the year. It fits all types of layouts while protecting your furniture. No storage required, your furniture may remain throughout the year.

If you want to use your spa with ease throughout the year, the Balnea is unquestionably the ideal four seasons shelter.

Self-supporting type, the Balnea is a high quality awning, made of extruded aluminum frame and a vinyl permanent 22 oz cover. With large sliding polymer windows, the air circulates freely and ensures comfort at all times. In addition, fiberglass screens, built into the same panels, ensure an effective protection against insects. For more privacy, opaque acrylic curtains can be added. This shelter requires no maintenance.

The Balnea is suitable for all types of flooring and is installed in just a few hours.
